

About

Chester & Fourth Inc. is a Canadian advisory firm that specializes in fostering creativity and learning to help clients navigate complexity, drive innovation, and develop strategy. Our work with mission-driven organizations and leaders spans across sectors and is international in scope.

Innovation Management

Most suitable for short-term engagements

Innovation Challenge Design

Our narrative-driven innovation challenges spark the right ideas from the right people.

The Retreat

Our proprietary ideation workshops discreetly harness the power of open innovation.

Recruitment

Our international network of consultants and subject-matter-experts adds real value to any organization.

Whether your goal is to stand out from the competition, cultivate a learning culture, or create a vision for the future, our strategic initiatives can have a transformative impact on your organization.

Choose from the following options:

Strategic Initiatives

Most suitable for medium to long-term engagements
